## CHANCELLOR'S MESSAGE

---

### **Price Computing Center naming May 13**

Dear Colleagues:

You are cordially invited to a ceremony to rename the KU Computing Center in honor of long-time mathematics professor and department chair G. Baley Price on Tuesday, May 13 at 4 p.m. in the Computing Center auditorium. A reception will follow in the lobby.

Professor Price completed his doctorate at Harvard University in 1932 and joined the KU mathematics faculty in 1937. His wife, Cora Lee Beers Price, taught English and classics at KU for many years.

Dr. Price first encountered computers at the end of World War II and was a pioneer in the development of computer science at KU and nationally. He retired from KU in 1975 and died in 2006 at the age of 101.

I hope you can join me as we honor his legacy with the naming of Price Computing Center.

Sincerely,

Bernadette Gray-Little  
Chancellor
